Cornette Dinner Is Limited To Invitation List

On January 9, a dinner will be given in the College Cafeteria introducing Dr. James P. Cornette, new Executive Vice President of West Texas State, and President-elect.

The dinner is sponsored by the Board of Regents of the College, the Canyon Chamber of Commerce, and the Canyon Rotary Club. Several hundred guests are being invited from over the Panhandle and Northwest Texas.

Due to the interest manifested, both locally and by friends of the College of this area in this occasion, coupled with the limited facilities for accommodating guests for the dinner, it has been found absolutely necessary to limit the guest list to those who have received invitations, which are being mailed.

No tickets will be offered for sale and only invited guests will find accommodations for the dinner.

The program for the evening will feature the presentation of Dr. Cornette by the Board of Regents of the College.

The importance of this occasion to the people of this area of Texas is emphasized not only by the making of the introduction of Dr. Cornette, but by the fact that Judge W. L. Kerr of Midland, president of the Board of Regents, Newton Harrell of Claude, vice president, Walter Woodul of Houston, Dr. M. C. Eidson of Austin, R. L. Thomas of Dallas, all members of the board, together with Claude Isabell, of Austin, new secretary of the Board, have approved plans for the dinner and indicated that they will be present.

Father Marthaler Is New Pastor of St. Mary's Church

Father Marthaler has been transferred from Dalhart to become pastor of St. Mary's Church at Umbarger. The new priest is enthusiastic over his appointment, and the outlook for future work at Umbarger. He is a young man, and is greatly interested in work among the children of the community.

A native of Minnesota, Father Marthaler has worked in Texas for 10 years. He was stationed in Amarillo before being transferred to Dalhart, where he has served the Catholic Church for four years.

The Church at Umbarger is reputed to be one of the finest decorated in this section. While the Italian prisoners of war were located at Hereford, it developed that many of these men were artists and had done decorating in the Cathedrals of Italy. The prisoners were given the opportunity to decorate St. Mary's Church at Umbarger. Churchmen state that no church in this area has so valuable decorations as are found in St. Mary's.

Editor Of Prairie Resigned To Work On Daily Paper

Miss Johnnie Fay Cresens has resigned as editor of the Prairie, college newspaper of West Texas State, effective at the end of the first semester. Miss Cresens is a junior from Amarillo and has been editor of The Prairie for two years.

Before registering at West Texas State Miss Cresens was editor of The Sandstorm, student newspaper of Amarillo High School. Both newspapers are printed in the plant of the Canyon News. Miss Cresens has been a valuable member of staffs of papers printed here for the past four years. She has accepted a position on an Amarillo daily and will continue her work in Journalism in the University of Texas starting the next semester.

Dr. Loyd Gave To The Chapel Building Fund

Dr. and Mrs. O. H. Lloyd, of Vega Monday gave the Chapel Fund of West Texas State $2,400, the largest contribution yet made to this project. In making this gift, Dr. Loyd said that for more than 30 years he had watched the work of the college and its influence upon the youth and that this is the basis of his gift. He beleives, he said, that this country faces disaster if we don't strengthen its foundation and that unquestionably character is at the basis of all that is worth while in America. He believes wholeheartedly in the old-time Christian principles and desires to be known to posterity for his faith the Christian religion and democratic government undiluted by any "ism" in the world.

Dr. and Mrs. Loyd came to the Panhandle in 1902 for the latter's health. They found the country all they expected, have prospered, and enjoyed life. Dr. Loyd has been for years an aggressive and active exponent of Northwest Texas. He believes in its soil, its climate, its people and loves it as his very own.

Mrs. Loyd is just as live, active, and intelligent as her husband. She coyly remarked to President Hill the Dr. is a very good boy.

This fine contribution puts the chapel program well along toward realization. Other recent gifts bring the total to at least $35,000. President Hill says that because of the size of the Loyd gift and the splendid service these fine people have rendered to this county over a long period of years the organ will be dedicated in their honor.

Directors Plan Completion of 2nd Museum Unit

Completion of the first floor of the new unit of the Panhandle-Plains Historical Society Museum building was planned by the Executive Committee which met here Saturday.

Harold Bugbee of Clarendon, president of the committee, appointed members J. Evetts Haley and Dr. L. F. Sheffy of Canyon, and H. C. Pipkin of Amarillo to complete the plans for the interior of the new unit.

The unit will be used to display the James D. Hamlin Art Collection, comprised of 150 oil and water color pieces, and the O. T. Nicholson Gun Collection, consisting of 323 guns and many other weapons.

Attending the meeting were Mr. Bugbee, David M. Warren, Panhandle; O. H. Finch, Dalhart; Mr. Pipkin; Regent Newton Harrell, Claude; and Dr. J. A. Hill, Dr. Sheffy and Boone McClure of Canyon.

With a big political year ahead, citizens of Randall county are urged to get their poll tax receipts and exemptions ready for the 1948 elections.

The only class of persons in Randall county who do not need an exemption in order to vote are those over 60 years of age before the 1st of January, 1947.

Young persons who became 21 years of age between January 1, 1947 and election date, and those who moved into the state after January 1, 1947, must secure exemptions before they can vote.

Letter Received About Local Boy

Mrs. Cora L. Drummond of Amarillo recently received a letter from the Adjutant General's office, Department of the Army, Washington, D. C., concerning her son, Sgt. C. L. Drummond, who was lost while serving with the Air Corps in Manchuria. Presumptive date of his death has been established as April 22, 1946.

C. L. was a crew member aboard a B-29 bomber which was lost on a mission to Mukden, Manchuria, on Dec. 21, 1944. The only known surviving crew member stated that no other parachute was observed by him and expressed the belief that the rest of the crew had perished as he did not see any of them at the prison camp where he was held.

The letter stated that a communication from Headquarters, American Graves Registration Service, China Zone, has been received in which is inclosed a copy of the report of a Board of Officers. The report reveals that a search was made in the area where the plane crashed, and evidence was found that several men had been killed. Native eyewitnesses reported that the aircraft crashed and exploded upon impact with the ground.

Japanese Military Police arrived at the scene of the crash in about one-half hour and spent three days removing the wreckage. Individual identification could not be established, due to the condition of the bodies.

In view of the information and length of time which has elapsed without any indication of the survival of Sergeant Drummond, the records of the Department of the Army are being amended to show that he was killed in action on Dec. 21, 1944, in the vicinity of Mukden, Manchuria, when his plane crashed and exploded as the result of an attack by enemy aircraft.

Following this, the choir will present a group of Christmas carols from various countries: "The Shepherd and the Inn," Mexican; "The Carol of the Birds," French; "Christmas Cradle Hymn," Polish; "As Lately We Watched," Austrian; "Baloo Loo, Lamma," Scotch; "God Rest You Merry Gentlemen," English; "Carol of the Russian Children," White Russian.

A lively session of competition developed in the game of "42", which ended in the surprise award to the ones making lowest score. Stories and reminiscences rounded out the delightful evening.

Confiscated Car Is Held By County In District Court Suit

An Amarillo man was recently fined $500 for transporting liquor in Randall county and the car he was driving was confiscated by the county.

Suit was entered by George Aaron, bartender, that he was the owner of the car, which he had loaned to Paul Warren, the man caught with the liquor.

In the first suit tried in district court, there was a hung jury. In the trial last week the jury rendered a decision in favor of Randall county.

A loan company has a lien against the car, which must be satisfied before the county will profit by the confiscation.

It was shown during the trial that the car was equipped for heavy loading. Warren did not appear as a witness in the case.

Advice Given To Parents Regard Return War Dead

San Antonio: Next to kin of the war dead were urged today not to go to San Antonio upon receipt of the initial telegram advising them that the remains have returned to the United States.

"When the ship reaches the port of entry telegrams are sent to the next of kin advising them of the return of the remains," Lt. Col. S. H. Partridge, Chief of the American Graves Registration Division at Fort Sam Houston, said. "The purpose of this telegram is to give the families ample time for funeral arrangements, to contact other relatives, and to give us a check on whether the next to kin will be available to receive the remains.

The remains do not reach the distribution center until 10 days or so after the ship arrives in port. It requires two or three weeks, after arrival at the distribution center, before deliveries can begin. Next to kin have come to San Antonio from considerable distance upon receipt of the initial telegram. Such a trip only adds to the expense and worry for there is nothing we can do for them.

"Telegrams announcing the actual date of shipment are sent to the next of kin or funeral directors four days before the remains are shipped from the distribution center."

The girls were given a rising vote of thanks by the group.

During the social hour which followed, the hostess served sandwiches, olives, cake, candy and tea. Table decorations carried the Christmas colors of red and green.

How Many of Us Are Farmers Today ●
One third of our population?
One fourth?—One sixth?
Answer: One sixth
A total of 26 million persons on American farms feed themselves and the other 116 million of us, in addition to millions abroad.
It wasn't always this way. Nearly every American was a farmer 150 years ago, because it took most of his time to raise enough food for his family.
But since then improved equipment and methods have enabled each farmer to produce more and thus release more and more workers to produce other raw materials, machinery and services.
Agricultural progress made possible our industrial expansion. Together they gave us the highest standard of living in the world.
Since the first steel plow in 1837, progress in steel and in farm production have gone hand in hand.

Lack of Sleep Will Undermine General Health

Sleep is a necessity of life and health, according to Dr. Geo. W. Cox, State Health Officer, and habitual loss of sleep will tend to retard the body's recovery from the fatigue of the day's activities.

"We may be able to go without sleep for a night or two, but too little sleep for a prolonged length of time will undermine the health of a rugged person and sleep that is lost cannot be made up," Dr. Cox said. "When good health can be protected to such a large extent merely by sleeping, and thus allowing overtaxed bodies and minds to secure the proper rest, it is hard to understand why so many persons are heedless to this important health measure."

Some individuals require more sleep than others. How well we sleep is as important as how long we sleep. A "good night's rest" means a sufficient number of hours spent in sleep to enable the individual to feel well, do efficient work, and to keep in a cheerful humor the next day.

"A comfortable bed, and fresh air in our sleeping quarters," Dr. Cox said, "will help us to sleep soundly at night, especially after some outdoor exercise such as a brisk walk. Don't mull over your problems and ideas after you have gone to bed. Make your plans early in the evening for a good night's rest by slowing down the physical and mental work of your daily life, and dismissing your problems from your mind. When you arise each morning, rested and with a feeling of general well-being, you will be amply repaid for your thought in planning a 'good night's sleep.'"

50 Per Cent Of Texas Families Offer "Grace"

A recent state-wide poll showed that five out of 10 Texas families say "grace" or a blessing before each meal.

A national organization polled families in the United States on this and other religious habits not long ago. The percentage of families in the country as a whole that say grace before each meal is four out of ten.

Mrs. Eloise T. Johnson, extension family life education specialist for Texas A. & M. College, says that families tend to do in their own homes what they learned as children. One-half of the people who do not offer thanks before meals said that the custom had not been observed in their homes when they were children, while 84 out of 100 Texans who offer thanks reported that this was a family custom as they grew up.

Grace before each meal does more than give spiritual satisfaction, Mrs. Johnson says. The beauty and dignity of the blessing adds as much to the atmosphere of the meal as flowers, colorful linen, or attractive china. The few moments of quiet before eating calms emotions and consequently the digestive system is in much better working order. This is particularly true for small children, but adults also benefit from the short respite from worry, haste, or excitement.

It's an old-fashioned custom, perhaps, but it still fits in the modern picture of family life.

The United States Military Government in Germany is making a "loyalty test" of its American employes. A questionnaire asks about Communist background and goes into the individual's family history for two generations. One result has been that many employes are afraid to talk with outsiders about their work in the occupation.

Sen. Homer Ferguson's war investigating committee will wind up with the most creditable committee record of the 80th Congress and will be solely responsible for legislation which will save the Government billions in future purchases.

"Silent Guest" Check Roll Into Governor's Office

That traditional "big heart" of which Texans so often boast was evidenced again to Governor Beauford Jester during the early part of this week when an almost continuous flow of checks and money orders for the American Silent Guest Plan began to reach his office.

The plan, which was launched in Texas Thanksgiving Day, is part of a nation-wide program designed to help the hungry people of war-devastated Europe. It is sponsored by the chief executives in each of the 48 states and is supported by all religious denominations.

Texans have been asked by Governor Jester to invite one "Silent Guest"—a war orphan, a widow, or an old person in distress—into their home to share a meal, and then, to mail a check or money order in the amount that such a meal would cost. Cash contributions and material gifts cannot be handled in this particular project.

These checks and money orders would be made payable to the American Silent Guest Committee and sent in care of the Governor's Office, Austin, Texas.

The Committee has chosen CARE to handle its funds. Composed of 27 major relief agencies, CARE delivers goods in 15 European countries, on order from individuals and groups here. Almost a million and a half tons of food can be released immediately by this organization if the American people give their support through the Silent Guest program.

Checks and money orders reaching the Governor's Office the early part of the week were in amounts ranging from $1 to $55.

Influenza May Hurt Hogs, States Foundation Warning

Swine influenza may cause new record breaking financial losses in the next few weeks and months, the American Foundation for Animal health stated recently.

"This disease is a danger to swine, just as it is to people, in cold weather," the foundation declared. "This year, in view of high prices and food shortages, widespread outbreaks would be a major disaster."

A five-point plan to prevent swine influenza losses was recommended:

"Keep hogs away from old straw stacks, manure piles, and contaminated lots, where they may pick up the virus of influenza.

"Provide clean, draft-free quarters, with ample bedding..

"Keep clean, fresh drinking water before the hogs all the time.

"Combat internal parasites. One species—the lungworm—is known to harbor the virus of swine flu.

"Watch for the symptoms of flu: jerky breathing, coughing, loss of appetite, and fever. At the first sign of disease, obtain a veterinary diagnosis and start the proper treatment."

Swine flu poses a double threat, the foundation warned. "Although affected animals usually recover, the disease causes loss of weight and lowered vitality. And in brood sows, it frequently causes stillbirths—or sickly litters with a poor chance to survive."

Republican plans for income tax relief, postponed to give stopgap aid and long term recovery measures a clear track, will certainly arise again before the end of the regular session. Then, because many fence-riding Democrats will be thinking of re-election, some form of relief will probably come, although chances are that a Presidential veto will have to be overridden.

Current experiments hint that wet weather can be made to order with dry ice.

Ukrainians Hold To Many Old Customs

Ukrainian churches, both Greek Orthodox and Uniate, cling to the ancient Julian calendar, so their Christmas Day comes 12 days later than ours, or on January 6. Christmas Eve is celebrated with much traditional ceremony and festivity.

The Holy Supper or Swiata Wecera is very elaborate, consisting of 12 courses, in memory of the 12 apostles. Fish, baked, broiled and jellied, takes the place of meat. Borsch, or beet soup, is generally served, and stuffed cabbage, filled with millet or rice. Vareniki, something like the Italian ravioli, also is a usual course. Dessert consists of special pudding called kutya, made of wheat, poppy seeds and honey.

During the Christmas Eve supper, some member of every Ukrainian family throws a handful of kutya or pudding at the ceiling. If it sticks, the coming year will be a prosperous and happy one. After supper, a plate of braided bread, called kolach, is left on the table between two lighted candles. Legend says that the spirits of the family's dead will return at midnight to eat this bread.

The Ukrainian Christmas festival lasts three days. In the villages singers known as Kolyadniky go from house to house singing the Kolyadky folksongs relating the birth of Christ and the events of his life. They usually carry a manger with them, and in some cases they perform miracle plays. They are rewarded by gifts of food or money.

ENGLISH PLUM PUDDING

In the Book of Common Prayer of the Church of England, the prayer for the last Sunday before Advent began with the words "Stir up." The people of Peterborough took this to be a reminder that they should start their plum pudding at that time, and everybody in the family took a hand in the stirring until it was ready on Christmas.

This indispensable old-time English Christmas dish was furmety, or frumenty, which according to old-time recipes was "wheat boiled until the grains burst, then strained and boiled again with broth or milk and yolks of eggs." Frumenty was the forerunner to plum pudding.

Alms Giving Custom A Christmas Charity

Giving alms at Christmas originated in the belief that the Christ came sometimes to the door disguised as a beggar during the holiday season, and it was feared that he might be turned away unrecognized. There is an old legend that tells of the Christ child going from door to door on Christmas Eve in search of those who were kind, and deserving. His test was to plead for aid and often he was turned away from the door. This story led to alms giving on Christmas Eve and it was rare that a beggar was refused.

WEXFORD CAROL

Near Bethlehem did shepherds keep
Their flocks of lambs and feeding
sheep;
To whom God's angels did appear,
Which put the shepherds in great
fear,
"Prepare and go," the angels said,
"To Bethlehem, be not afraid;
For there you'll find this happy
morn,
A princely babe, sweet Jesus born."

Warning Issued Against Needless Fires at Christmas

If toyland is a stopping place on your shopping list, remember the tiny, tender hands that will hold your gift on Christmas morning, asks Marvin Hall, State Fire Insurance Commissioner.

"Adults should be careful to select toys that are fire safe," he said. "Those requiring alcohol, kerosene or gasoline lamps are very hazardous as they upset easily with disastrous results to children's clothing and the house itself."

A toy electric iron can be as dangerous as a real one, the Commissioner said. Left connected, while perhaps a doll is being dressed, they can overheat and cause a fire.

Hall classes cheap and sub-standard electric toys as unsafe, and says all electric toys should be run under the supervision of adults, unless the children are old enough to understand how to use electricity.

"A child may get a dangerous shock if he touches a radiator or other ground while playing with an electric toy," the Commissioner stated. "Such toys, when lightly constructed, are apt to be defective. The transformers of many toys are now listed by Underwriters' Laboratories and are the safest kind to buy."

He warns that only safety film be used in a child's movie camera machine. Nitrocellulose films are a severe fire hazard and also give off deadly fumes as they burn.

Electric trains should not be run under or around the christmas tree as a stray spark on one needle could easily cause the whole tree to go up in flame.

Care should be exercised to see that the connection of any electric toy does not overload a circuit, causing a fuse to blow out or a fire to start in the wiring in the wall.

Next January 15 Is Tax Deadline For Some People

Washington: Here's a reminder for taxpayers: Jan. 15, 1948 is a deadline on 1947 income taxes for one out of every five taxpayers.

It's the deadline for those who haven't had the full tax, or any tax, withheld from their 1947 wages or income.

In 1947 most people's income was from wages. And most of them had the full 1947 income tax withheld from them.

If you're in that group—the group from which full tax has been withheld—don't worry about Jan. 15. You'll have to make your final return March 15.

But—

Jan. 15 is the deadline—if it affects you—for filing, changing and paying your declaration of estimated tax for 1947.

(Some people think that deadline is Dec. 15. It isn't. It's Jan. 15).

Here are the people who must do something about their income tax by Jan. 15:

1. Farmers. In 1947 they have not had to do anything about the tax on their 1947 income. They must do it by Jan. 15, 1948.

2. Those from whose 1947 income no tax has been withheld, such as professional men like doctors, or landlords, and so on.

3. Those who had wages from which no tax was withheld, such as servants or farm workers. They must pay their full tax by Jan. 15.

4. Those who had full tax withheld from their wages in 1947 but received more than $100 in outside income which no tax was withheld.

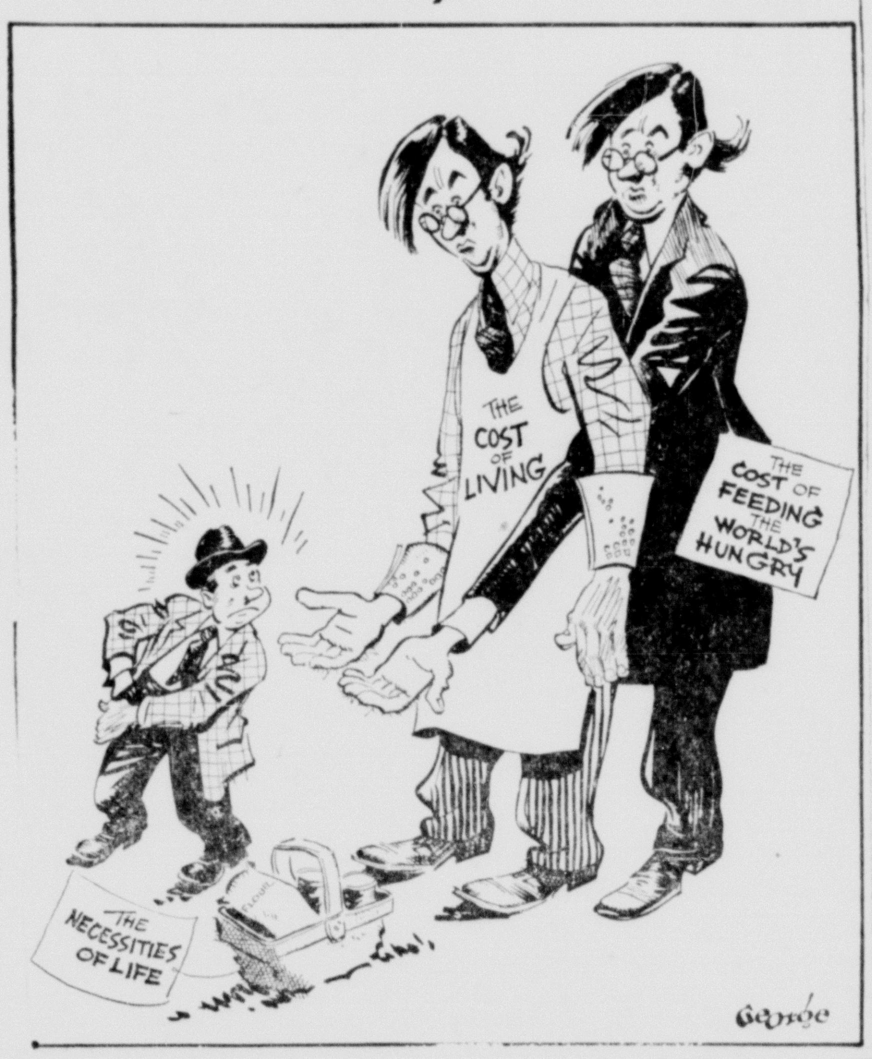
5. Those who had some tax, but not all the tax due, withheld from their 1947 wages.

6. Those who have been making quarterly payments for the past year but under-estimated their tax by more than 20 per cent.

If you're one of those, you must make the correction and pay off by Jan. 15. There's a penalty, if you don't.

The new hemline makes it easier for a coward to hide behind a woman's skirts.

American Economy's Siamese Twins



The tense situation in the British Government that preceded Hugh Dalton's resignation as Chancellor of the Exchequer is coming to light. There are reports in London, for example, that Sir Stafford Cripps told the Labor Cabinet it must either get Dalton's resignation or run the risk of political downfall within a month.

Argentina has no intention of following the lead of Chile and Brazil in breaking diplomatic relations with Russia. The Peron Administration in Buenos Aires wants to keep commercial relations with both the United States and Russia so it can be in a position to bargain between the two big powers if the opportunity arises.

The Italian police will avoid taking stern measures against Communist demonstrators whenever possible, until the Italian Assembly closes at the end of December. After that time, they are ready to crack down hard against political disorders.

Japanese branches of nine banks owned in other countries have been licensed by the United States Army. The new branches will represent banks of the Netherlands, India, Australia, China, French Indochina and the United States.

Ponder-Wright Nuptial Vows Are Exchanged in Single Ring Rites

MR. AND MRS. FRANK WRIGHT

Miss Billye Ponder, daughter of Mrs. Ruth Ponder of Fort Worth, became the bride of Frank Wright, son of Mr. and Mrs. John H. Wright, in a service read Nov. 29, at 2 p. m., in the home of the Rev. and Mrs. J. H. Wright, Jr., in Olney.

The single ring ceremony was performed by Rev. Wright, brother of the bridegroom, as the couple stood before the fireplace which was decorated with baskets of gladioli.

Preceding the ceremony, Mrs. Tommie Braddy of Leonard, a sister of the bridegroom, sang "Always" and "Because", accompanied at the piano by Mrs. Bob Fulkerson of Tucumcari, N. M., also a sister of the bridegroom.

The bride chose for her wedding a gabardine suit of bright blue, with gray accessories, and her corsage was of white carnations.

Mrs. Ponder, mother of the bride, was attired in black with a corsage of white carnations, and Mrs. Wright, the bridegroom's mother, wore brown, and her corsage was also of white carnations.

After a wedding trip to San Antonio, Mr. and Mrs. Wright are at home in Canyon.

Mrs. Wright attended school at Canyon High School and West Texas State College. She moved to Fort Worth about a year ago, and until her marriage was employed by the advertising department of the Trailways Bus System.

The bridegroom received his education at West Texas State High School and College, and is now associated with his father in farming.

A reception was held immediately following the ceremony for members of the bridal party and guests. Mrs. Bob Killgore presided at the punch bowl, and Mrs. J. H. Wright, Jr., served the wedding cake.

Present for the wedding and reception were: Mr. and Mrs. John H. Wright and Tommie of Canyon; Mrs. Ruth Ponder and Betty Jo, and Mr. and Mrs. L. E. Vaughn and Larry, all of Fort Worth; Mr. and Mrs. Bob Killgore of Olney; Doc Finley of Fort Worth; Mr. and Mrs. Tommie Braddy and daughter, Ann, of Leonard, and Mrs. Bob Fulkerson and son, Bobby, of Tucumcari.

Personal incomes in Guatemala are to be taxed this year for the first time. Rates will range from 1 to 12 per cent.

Troy L. Needham Is Naval Seaman

Troy L. Needham, USN, of Route 2, Canyon, Texas, has completed recruit training at the Naval Training Center, San Diego, Calif., and has been advanced to seaman, second class.

Recruit training is the sharp break between civilian and Naval life in which the new Navy man learns the fundamental principles of a sailor's life.

In the course of his training the recruit is taught seamanship, Navy customs and terms, basic ordnance and gunnery, signaling and navigation. He learns proper diving and swimming, life saving, and shipboard fire fighting.

Upon completion of his training the recruit is assigned either to units of the fleet or to a service school for specialized training.

Washington is doing everything it can to keep the united States from getting mixed up in political troubles that might arise out of the issues over the future of Palestine. The U. S. State Department has hinted to Arab leaders that Washington will support applications of Arab countries for development loans from the World Bank to help raise living standards in the region.

Rapid recovery in the Don basin has brought Soviet coal production up to an annual rate of about 190 million tons. The rising output of the Soviet mines is reflected in reduced demands on Poland for coal deliveries. This could mean more Polish coal for Western Europe.

Profits earned in Brazil by citizens of other countries may be transferred abroad if the investors register with the Bank of Brazil before December 31. After that date, new capital must be registered with the Bank within 30 days in order to qualify for profit transfers.

WARREN'S

Care of Eyes Is Essential to Good Health and Comfort

One of your most valued assets is good eyes. Many people thoughtlessly abuse the eyes and think little about it until trouble comes, declares Dr. Geo. W. Cox, State Health Officer.

What can you do to protect your eyes? First, it is important to take care of your general health. If bodies are tired, naturally the eyes are tired too. If there is infection in the body from teeth, kidneys, or other sources, the eyes will probably be infected.

Eye strain begins when you need to use too much effort to focus clearly. If you have normal eyes, you don't need to use the focusing muscles to see clearly in the distance; and when you look at something close, like reading matter, you need to focus only a little. If you are far-sighted, your eyes have to focus, even when you look far away; and when you read, you have to focus a lot more than a person with normal eyes.

Children have strong focusing muscles, and their eyes do not tire easily or usually need glasses unless they have a large amount of far-sightedness. Then they need glasses to do the focusing and give their eyes a rest. Older people have weaker focusing muscles and usually need glasses for reading when they are about 45 years old. For other specific eye difficulties, glasses may be needed.

Avoid unnecessary strain by reading in good position and with sufficient light. If your eyes bother you, have them examined by a physician trained especially in disease of the eye.

Classes Discuss Various Topics

Main Subject Is Parties During Class Meetings

Discussion of various topics in different rooms could be overheard last Tuesday, December 10, when class meetings were held.

The seniors took measurements for their caps and gowns. Their gowns are to be purple and the caps purple with white tassles. Joan Morton, president, chose a committee to select the graduation invitations. Serving on this committee are Paige Carruth, Frances Standley, and Lee Bailey. Another committee was chosen to select gifts for the room mothers. On this committee are Rusty Davis, Martha Avent, Geneva McDougal and Valeta Haines.

In the junior class meetings, Mrs. A. K. Knott took up pictures and orders for pictures. She then gave last instructions concerning the junior play. June Jennings, Gladys Lowe, Ramona Simon, Carol Hamblin, Laura Davis, Peggy La Loge, Weldon Hacker and Billy Cunningham, agreed to be ushers.

The sophomores also made orders for their pictures and discussed a party. Their plans are not definite as yet about the party.

Besides turning in pictures in the freshman class meeting, they decided to postpone their Christmas party and have one in January instead.

The eighth grade discussed a party for Christmas. It is to be held December 19 and they will skate and folk dance.

The seventh grade, too, is going to have a Christmas party and present an Assembly next Friday afternoon.

THE SPIRIT OF CHRISTMAS

Just what does Christmas mean to you? Getting every thing one's heart can desire, or having that kindly spirit for some one else? Are you planning to greet friends with a cheery "Merry Christmas" and mean it? Can't you send a card if not a gift to a sick friend, an elderly person who is lonely, or some one that has been taken for granted too much.

Christmas is truly a time when we should think of others and not of our selves. The spirit of Christmas is more than giving and receiving, it is the spreading of good will. It is a time when all mankind has, or should have, a feeling of warmth toward everyone.

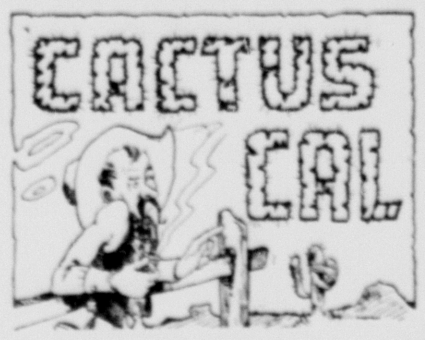
BACK OUR TEAM

Basketball season has begun. So come on you of CHS, let's support them to the limit, if there is a limit. You know that when you have a good backing while playing, you can play and try much harder to win. That's the way it is with the Eagles and Eaglettes.

The teams give their all to win, so let's give our all in backing them. And may this support lead to many victories in our 1947-48 season.

Marvin Fite, manager of the Eagle football squad for the last two seasons has given up his duties. Marvin began managing when he had a keen injury in basketball. Wayne Prichard will manage the basketball team.

The eighth grade sold, down town, tickets to the Allah Axiom magician show last Wednesday. They did this for the Press Club as the Press Club was too busy to.



Well, I'm back, you lucky people, with some of the hottest news of the year.

A birdie told me that the one and only Harry Campfield is at last in love—Sue Dickerson is the lucky girl.

Marvin Fite has got some competition with someone who has been going with Frances. Don't know who he is but he drives a "46" blue Ford from Happy.

Janey Forester's favorite color is red. Even her boy friend, Junior Fulfur, from Dimmitt, dyed his hair red to please her.

Lost! A bright yellow flame of love. Finder please return to Horace David Carter. A small reward is offered.

Paige Carruth has been dating a girl in Amarillo. Hope we get to meet her soon.

Helen Borden has got Mr. Gerald McDuff running in circles. I heard he is thinking of moving to Wayside.

Mable "Johnnie" Graham has asked Santa Claus for a six-foot, brown-haired, blue-eyed, boy friend for Christmas. For the dumb ones in school his name is Billy John Cleavinger.

Jean Hill was seen walking with Jerre Inman. This could lead to something.

Martha Wilson thinks "Rusty" Davis is just as cute as an apple in a pie. Even CUTER.

Don Hickman has a Tulia girl who comes up to see him quite often. What is her name Don?

Who will get Martha Jean Avent's new gold basketball? Lynn Scott, Jack Ratjen, or Bill Phillips? That's the question.

Tune in next week to see if Janey Forester will dye her hair red or not.

CHS Chorus Sings Carols at Cousins

Singing by a decorated Christmas tree in the lounge of Cousins Hall, the Canyon High A Capella Choir, under the direction of Mr. M. D. Shepherd, furnished special Christmas music at a regular meeting of the local book club, Wednesday, December 11.

After being introduced by Mrs. Lee Foster, mistress of ceremonies, the choir sang "Jingle Bells," "Joy to the World," "O Come All Ye Faithful" and "Silent Night." Then as a special number and the second public presentation in Canyon, the choir sang "Hallelujah Chorus" from "The Messiah," concluding the program, and the 1947 season's programs.

Basketball Seeks Sports Spotlight

Basketball season at Canyon High School opened with the Eagles handing the Hereford Whitefaces a 58-26 drubbing.

Four members of the 46-47 squad graduated. They are Billy Abbott, forward; "Buck" Guthrie, forward; Charles Wright, center, and Wilbert Long, forward.

Heading the returnees are Richard Walters, versatile guard, who has lettered three years at that position. Austell Burrus, towering six foot plus lad who was all-district end for the Eagles will replace Wright at center. James "Hoss" Inman, Canyon's tricky running back and letterman, will play forward and Bruce Winn, another 6-foot plus player, has a place at forward.

Horace "Nig" Carter playing his first year for Canyon High as guard will be in the starting lineups. He lettered two years for W. T. High and was placed on several all-tournament teams.

"The 47-48 squad is in good shape in the invitational tournament considering they had only three days of practice," states Coach R. E. Wheelock.

Italian Woman Is Speaker at FHA

"Christmas Customs in Italy" given by Mrs. J. P. McBride, was the highlight of the FHA program Thursday afternoon, December 11. Mrs. McBride, a native Italian, came to this country upon her marriage three years ago.

"Many of the Italian Christmas customs are similar to those we have in America," said Mrs. McBride. "But one difference is that Italy has no Santa Claus. However, on the sixth of January a myth in the form of an old lady comes and fills the children's stockings. Christmas Day is very religious and a part of the day is spent in worship."

After her talk the members asked Mrs. McBride many interesting questions which were graciously answered.

Other parts of the program were: "What Christmas Means to Me," Janey Forester; "The Origin of Christmas Customs," Sue Ann Colwell; "The Strange Gift," a Christmas story, Ema Gene Zachry; and the demonstration of gift wrapping, Jo Ann Bullard.

Christmas candy was passed while the girls read their state news letters.

The meeting was adjourned by the singing of the FHA song.

Grade Notes

Mrs. Don Ransom and daughter, Barbara visited Mrs. Collins' first grade Monday morning.

Glen Tucek has been absent from Mrs. Usery's third grade because of illness.

Charles Neblett of Mrs. A. K. Goodman's third grade, underwent an appendix operation this week.

Harlie Adams re-entered the third grade.

Students of Mrs. Cousins' fourth grade have been weaving raffia into pot holders, making tea towels, and luncheon cloths.

Mrs. Andy Walsh attended the funeral Thursday of her aunt. In her absence Mrs. Roberts took her place.

Thursday, December 11, Mrs. Jones fifth grade voted for two good citizens of the week. The good citizens were Sally Jo Richardson and Jimmy Kulman.

Mrs. Iverson's sixth grade made a large castle which they named "Santa Castle."

All the grades from the first to the sixth are to take part in singing Christmas carols at the P. T. A. meeting next Thursday, 18.

Every room has been adorned in Christmas decorations, carrying out the traditional Christmas colors.

Superintendent E. A. Wooten, Principal J. E. Miller, and Coach R. D. Wheelock of CHS wish to express their sincere appreciation to those patrons who furnished rooms and meals for basketball players during the Invitational Basketball Tournament.

Christmas Spirit Is Caught In School

Christmas spirit is really caught at Canyon High.

Nearly every room has some decoratioins, even the offices with their green candles and Santa Clauses in the windows.

The from hall leads with a Christmas tree decorated of balls, roping, and angels hair. Mrs. Billie Simms' theme of blue and white is carried out in the silver tree with blue balls and decorations of that color on the bulletin boards.

Silver stars hanging from the ceiling, and red and green crepe paper hanging from the light to the corners of the room are decorations for Mrs. A. K. Knott's classroom. Study hall under Mrs. Bartlett's direction, has candles on the windows and partitions between shelves.

Candles, red bells, and red roping tell of the Christmas spirit in Mrs. T. E. Beard's room. Miss Lurline Bowman has green candles on the door of her room and a scene on the blackboard of Santa Clause and his reindeer.

Little Santas and candles are the theme in Mr. T. E. Devins agriculture room. Crepe paper in brick-design frame the Christmas cards on the bulliten board in Mrs. Irene Ball's room.

Red balls and roping are the decorations in the homemaking department of Mrs. Perry Bell. A tree of test tubes is the novelty in M. K. Youngs science department.

Boughs and a wreath of evergreen decorate the bulletin boards in Mrs. Ed Weeks room. Bells of red and a bough of evergreen are the Christmas decorations in Mrs. Nora Gilmores' classroom.

With al lthese decorations, Old Santa can't fail to miss dear old Canyon High.

GIVES ENTERTAINMENT

Alla Axiom, magician, left Canyon Thursday after only one day's performance because the Invitational Basketball Tournament was scheduled for the same date as that of Mr. Axiom's second show, but arrangements were made for his return October 11 and 12 in 1948.

Two performances, matinee and evening, were filled with numerous tricks, including, shooting a woman from a cannon into a locked trunk; leaving a woman floating in midair; and making a coin, taken from someone in the audience, disappear, to be found in a box wrapped in a ball of yarn. The price of admission was 30c for the matinee, 50c and $1.00 for the night performances.

The engagement next year is during the football season on Monday and Tuesday night in order not to interfere with school activities.

Hear ye! Hear ye! Come and listen to the great news! Beginning tomorrow, Friday, December 19, school will be dismissed for the Christmas holidays. Classes will be taken up again on January 5, 1948.

CHRISTMAS PARTY

A Christmas party will be given to all members of the Canyon High School choir at Max Bellah's home December 14.

Caroling will be the main purpose of the party. A bus has been obtained to take the members to different parts of town, and even to some farm homes.

After singing Christmas carols, the choir is to come back to Bellah's, where they will be served refreshments.

To the following merchants Superintendent E. A. Wooten would like to express his sincere appreciation for the trophies given to the 1st and 2nd place winners: Myers Farm Equipment Co., Bellah's Super Market, Wirt Electric Construction Co., Cooper's Market.

Secretary Marshall's cloak-and-dagger attitude toward the Wedemeyer report on China stems from his unwillingness to reveal previous dismal failures to stabilize Chinese currency. Because Chinese warlords are profiting on hopeless inflation there, Marshall has rightfully guessed that Congress will balk at dumping another $300 million down the Chinese drain.

If the buyers ever do strike it might be called a counter-revolution.

Junior Play Brings $212 For Class

"A Case of Springtime," a three act comedy presented by the junior class last Tuesday, brought in $212.60 but the net profit has not yet been determined.

Bob Parker was always getting into hot water trying to impress his best girl, Joan Abernaker, the principal's daughter. Dickie, the younger brother, added to the comedy of the play by teasing his sister, Betty, and showing his disapproval of his girl friend, Gwen, who followed him around, brought him candy, and carried his books to school throughout the play. Eddie Abernaker, Joan's brother, was Betty's best boy friend and their father, Mr. Abernaker, caused them all anxiety by his decisions.

Mr. Parker was the strict head of the family and Mrs. Parker tried to keep peace between the children and their father. The three P. T. A. women, Mrs. Brunswick, Mrs. James and Mrs. Hill brought many laughs from the audience when they were caught in the trap set for Joan Abernaker.

Louella, the maid, helped the situation by her untimely entrances. The policeman was bewildered by the whole incident and left in the midst of the excitement. Miss Bright brought with her the happy ending and all was well.

During the intermission, Janey Forrester, Betty Jean Schuette, and Joan Bullard sangf "Stardust" and Frankie Sneed sang "Summer Time." For services rendered in directing or assisting the play cast, a robe was presented Mrs. A. K. Knott, a belt to Mr. Milton Sanders, also, a belt to Miss Mary Frances Colwell by Betty Erwin, mistress of ceremonies. Stage managers were Jerre Inman and Billy Cleavinger and prompters were Fay Dickerson, Ema Gene Zachry, Mary Sue Foster and Chloe Ann Black.

Five Canyon Players Take All-Tournament Honors

W. T. High Calves, boys captured the first place trophy with a 36-24 victory over the Canyon High Eagles at last week's invitation basketball tournament in the Canyon grade school gym.

Stratford girls also cinched first place in the tournament with a 43-35 win over the Canyon Eaglettes in the first game played Saturday night.

Beginning Thursday at 8:30 p. m. the Canyon Eagles stampeded the Hereford Whitefaces to the tune of 58-26 and won the right to meet the Dumas Demons at 10:00 a. m. Saturday morning. The Demons first drew a bye, but lassoed the Happy Cowboys who had defeated the Tulia Hornets 25-17 at 10:00 a. m. Friday, the Demons coming out with a 38-24 victory.

The White Deer Bucks fell before the Price Cardinals 37-21 in a 2:00 p. m. Friday game. The Cardinals later tripped the Stratford Elks 39-35 at 9:00 p. m. that evening. The Dimmitt Bobcats went down to defeat 45-37 before the hard charging W. T. Calves at 7:00 p. m. Friday who eliminated the Price Cardinals 39-35 at 3:00 p. m. Saturday.

The Dumas Demons lost to the Canyon Eagles at 10:00 a. m. Saturday morning, thereby giving the Eagles the right to meet the W. T. Calves in the Saturday night finals.

Score is Close

The score in the final game was not indicative of the close battle during the first, second, and third quarters. Since the first quarter score was 7-6; the score at the half, 15-13; and the score at the third quarter, 22-20, each time in W. T.'s favor, but in the final quarter the Calves forged ahead to a 36-24 victory.

With the girls' teams, Dumas clashed with Happy Friday morning and won 36-5. Dimmitt lost to Stratford Friday night 41-26. Canyon overthrew St. Mary's 26-15 Thursday night. Hart took White Deer's measure 25-12 in a Friday afternoon tilt. In the semi-final games, Stratford eliminated Dumas 36-34 at 11:00 a. m. Saturday and Canyon rubbed out Hart from the tournament with a 30-21 triumph. In the finals of Saturday evening the Stratford girls lead at the half by one point, 17-18, but during the second period they pulled steadily ahead to write a finis of 43 to 35 on the electric score board.

Fate does queer things.

I knew three brothers. Two of them engaged in running industries. The other had "stretched" his age a year in order to volunteer in the Spanish-American War and the adventurous military life appealed to him, so he made a career of it. He served in the Marine Corps for 30 years, in China, the Philippines, in putting down revolutions in Central America and **fought in the first** World War, **attaining the rank of** major **general.**

All three of the brothers are dead. Two died **violent deaths; one died** peacefully in bed. He was the warrior.

There was the time that I missed the entire Republic of Mexico. Brady got up a motorcade to publicize its July Jubilee and I went along as staff correspondent for the Fort Worth Star-Telegram. They did me the honor to assign me to the front seat of the lead car.

Well, we arrived in Del Rio, checked in at the hotel soon after dark, then got back into our autos to visit Mexico. Our car led the way and we were chatting merrily along (you can guess who was doing most of the talking) and after a few minutes, I interrupted myself to say: "Isn't that our hotel?"

It was. We had driven a "U" and were right back where we had started from. We had missed the entire Mexican nation. (Actually, there was a small light at a sign indicating the turn for the international bridge, and we had overlooked the sign).

So when I misplace something around the house, such as a knife or a pair of pliers, I just recall the time I couldn't find Mexico. (This happened going over, too; if we had been coming back, confusion might have been more understandable.)

An orchid to the press agent who got a soft drink advertisement, in the form of hundreds of brass discs, embedded in the pavement of Congress Avenue in "your friendly Capital City"—and a bunch of wilted onions to city officials of Auston for permitting such commercialization.

Associated With Many Christmas Symbols

SANTA CLAUS CANDY CASTLE

HOME FOR SANTA CLAUS . . . Many cities in the United States, even those which do not have names associated with Christmas symbols, erect Santa Claus villages during the holiday seasons.

EACH year, thousands of letters in the U. S. are mailed from Bethlehem—Bethlehem, Pa.; Bethlehem, Md.; Bethlehem, Conn., and Bethlehem, N. H. These towns were named many, many years ago, and imaginative Americans the country over send in letters to be remailed bearing the symbolic postmark of Bethlehem.

The story associated with the naming of Bethlehem, Pa., is especially moving. On Christmas Eve in 1741, it is said, Moravian pioneers who had come to the new world in search of religious freedom gathered in a log cabin in the snow-swept Pennsylvania countryside. Thankful for their new refuge, they sang carols joyfully; then Nicholas Louis, Count Zinzendorf, took up a taper and led the gathering into the stables where a few cows and horses stirred.

"Let us call our village also Bethlehem," he said, and all agreed. From a humble beginning over 200 years ago, Bethlehem, Pa., is now a thriving industrial city of 62,000.

Santa Claus also has been honored in the naming of American cities. The story of the christening of Santa Claus, Ind., contains an awesome note in keeping with Christmas Eve.

The government had turned down the request of a little settlement in southern Indiana 100 years ago because an older town in the state bore the same name of Santa Fe. As the villagers gathered in celebration of Christmas Eve, they pondered a new name, finding each suggestion unsuitable as they turned it over in their minds in order to select the right one.

In the midst of their deliberations, a blinding light was seen outside. Rushing to the window, they saw a flaming star crash against a distant hill, leaving a crater that still can be seen today.

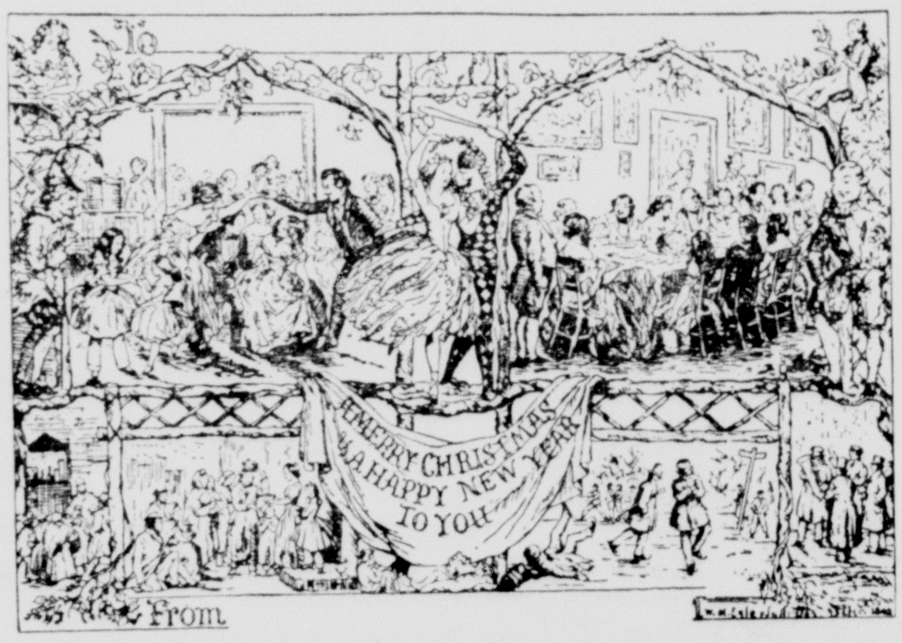
Awed by the spectacle, the residents of the settlement considered the event as a special omen, and they gave their community the name of Santa Claus to commemorate Christmas.

Inexpensive Gifts Can Be Made With Christmas Cards

MOST of us have stored away in attic boxes and desk drawers, Christmas cards from last year and the year before that we just couldn't bear to throw away.

These cards can be transformed into charming Christmas gifts with a little ingenuity and a minimum of time on your part.

Lampshades are always welcome—and here's a novel idea for designing a special gift for a special person. If your friend is partial to floral arrangements, New England farm scenes, cats—or whatever, select the cards accordingly. Take a plain parchment shade, brush entire outer surface with clear shellac and let dry partially. Meantime brush the back of the cards with shellac and expose to air for several minutes until shellac reaches a sticky consistency. Apply cards to appropriate spots and press down. Brush entire lampshade surface, including newly applied cards, with the shellac. Let dry. The shellacking process may be repeated any number of times as each application serves to increase the durability of the lampshade. Pierce holes, about an inch apart, around top and bottom edges; lace with ribbons.



EVEN THE FIRST . . . Since the first Christmas card was made, they have been saved and utilized for the making of artistic gifts. During and since the war the demand for the cards for those in hospitals has reached a new high. Our wounded have been supplied with thousands of cards which they use in making gifts.

Wastebaskets, too, make attractive gifts. The cardboard variety, either oval or square in shape, can be secured in your local 5 and 10 or department store. Cover with plain paper or gift wrapping. Shellac, mount cards. Re-shellac—as with the lampshade.

Another trick! Select three cards of uniform size and theme—either religious, scenic or peasant, etc. Place them in inexpensive cardboard or wooden frames. Take a long strip of heavy satin ribbon with sewn-on bow at one end. Attach frames to ribbon in Victorian manner, i. e., one over the other. Then sew a hook on back of bow so ribbon may be hung from the wall.

A useful and colorful gift for the man of the house—especially if he happens to be a pipe smoker—is the large box of kitchen matches artistically "camouflaged" so Mother won't object to its presence in her newly "done over" living room. Cover all surfaces, with the exception of the sanded striking area, with strips of colorful designs taken from Christmas cards. Paste the cutout Christmas card designs on one or both of the large surfaces—shellac, allow to dry, and repeat process.

One of the simplest to make, yet most effective small gifts, is the bookmark. Cut out, in rectangular shape, the Christmas card design of your selection. Then tape a strip of good quality ribbon—either satin or grosgrain—to the back of the card so that the ribbon extends about three or four inches beyond its bottom edge. Scotch tape can be bought at most stationery and gift shops in colors, now, and it lends a more festive air than the usual transparent tape. It's a good idea, too, to give the card a coat or two of shellac so it will resist fingerprints and smudging.

Two blocks of wood, painted in pretty pastels, mounted with Christmas cards and shellacked are just the thing for the guest room bookends. In similar fashion wooden boxes can be "dressed up" with cutout floral Christmas card designs to serve as cigarette containers.
